# NorthStar: Building Skills For The TOEFL iBT (Advanced Student Book With Audio CDs)

## Synopsis

NorthStar: Building Skills for the TOEFL(R) iBT: Advanced, by Linda Robinson Fellag (Series Editors: Frances Boyd and Carol Numrich) is published in cooperation with ETS. Pearson Longman and ETS combine their expertise in language learning and test development to create an innovative approach to building the skills assessed in the new TOEFL(R) Internet-based test (iBT). Each text features

- \*Ten thematic units to develop academic skills in English while building test-taking confidence
- \*Integrated skill practice to develop critical thinking and communicative competence
- \*Authentic TOEFL(R) iBT practice sets created by ETS especially for this series
- \*Practical tips to sharpen test-taking strategies
- \*Teacher's Manuals with evaluation tools to track students' progress and actual student responses (speaking and writing) at all score levels

Available in Intermediate, High Intermediate, Advanced levels. Use NorthStar: Building Skills for the TOEFL(R) iBT with the integrated skills series NorthStar to build a strong foundation for success on the TOEFL(R) iBT. (ETS, the ETS logo, and TOEFL are used registered trademarks of Educational Testing Service (ETS), used under license by Pearson Longman.)

## Customer Reviews

This book provides TOEFL iBT skills which you exactly need to get. Originally, I liked to use this series of books, "North Star," which offer basic academic skills. I took TOEFL iBT some times, so I can point out what the advantages this book has. (It is made by not only Longman but also ETS, so it is really helpful!) 1) it provides real format of Reading section 2) step by step improving your

academic skills Though there are really good points, I might say that this series of book are not helpful when you use individually. I think this book becomes helpful when school(classes) use it. I gave 5 stars, but if you want to study yourself, I will recommend Delta's or CompassMedia's "mastering skills of TOEFL iBT."

I think this book is good when it comes to improving your skills. The difficulty is average and everybody who had learned english in school before should be able to learn and improve. I think it is really helpful that CD`s are added and that you can check the answers in the back. If you try to learn the schemes and structure of notes and how to create a good outline it will make it easier for you to succeed in the actual TOEFL test. I bought this book, because it was a requirement for my college lesson but I really think it is possible to do it on your own. As I said, if you have at least the knowledge about grammar and average voc. skills. Somebody who corrects the written parts would help a lot. 4 Stars because I didn't learn much more. But I still improved in my writing technique and my classmates learned a lot.

This book contains a lot of useful information. Each section is different topic. The variety of accent, speed, content supports listening skill in outstanding way, forces student to listen and hence, enhances skill perfectly. Moreover, writing section is not only about standard essay but also contrast... This book is absolute must have for international student to prepare for college or ENG101.

I like this book. It contains many assignments. There are oral and written tasks every lecture. I think this book is a great tool in TOEFL preparation.

Very helpful as an adjunct to my current college course. Recommended by my teacher and all other students who have previously used this.

nice used book. it's almost like new i think. and the price is ver low. i like it. but the shippment is slow
