Customer Reviews

The Unbeatable Squirrel Girl is a hilarious read. It might be the comic I look forward to reading the most on a monthly basis and consistently has me smiling, if not outright laughing, at each and every page. It takes both a loving and irreverent look at the Marvel Universe, something that can sometimes end up bogged down in itself. It needs something to poke fun at it and Squirrel Girl does just that. The reason I am giving this 4 stars instead of the 15 dozen it deserves is not because of the content but because of the packaging. As far as trade paperbacks go, this one does a decent job of compiling the stories. It keeps the bottom of the page jokes (hint: look at the bottom of every page!) intact and does what it should. But it feels short. It's still worth every penny, but I feel like this and volume 1 (The Unbeatable Squirrel Girl Vol. 1: Squirrel Power) should have been packaged together.

I am glad that there are a few people that are writing comics these days that are actually fun. I don't

know about you, but I'm quite tired of the grim and gritty comics that are the rage these days. The Unbeatable Squirrel Girl is a great antidote to those kind of comics. What's more, this is actually one of the few comic books out these days that I would actually give to a kid to read. Fun for adults and kids.

Squirrel Girl is the funniest, friendliest comic book ever! I know it sounds silly. A girl with the powers of a squirrel? But this series is so much more than that. It's so sweet and so full of heart--and it's hilarious! Each issue starts with a Twitter conversation between Doreen Green (AKA Squirrel Girl) and someone else from the Marvel Universe, like Iron Man or Galactus. Squirrel Girl loves being a superhero, even though she's mostly over-looked by other heroes. In her regular life, she's a college student majoring in computer sciences, and she has to hide her tail stuffed down the back of her pants. Her best friends are her favorite squirrel, Tippy-Toe, and her roommate, Nancy Whitehead. Squirrel Girl is "unbeatable" not because she's stronger or tougher than any potential enemies; she's unbeatable because she listens and more often than not helps bad-guys find less harmful alternatives to get what they want. There are lots of nerdy inside jokes, which I love, and there are jokes written at the bottom of almost every page, which for me pretty much puts Squirrel Girl over the top of every other comic-book series. Anything that might go over the heads of some readers is explained, which is why Squirrel Girl is great for kids, as well as adults. All of this makes Squirrel Girl my favorite comic book series. I look forward to buying each issue, and I hope to see it continue for years to come.

*4.5 stars*OK, there's only one thing wrong with having read Volume 2 of The Unbeatable Squirrel Girl: I can't find any pre-order listings for Volume 3. When is Volume 3 coming out???? The first issue in this volume felt a little scattered and unfocused, which is why this is a 4.5 star review instead of a 5 star review, but even in the first issue, there were bits I found really funny, and after that, I just kept on laughing out loud and loving it all the way through. I can't think of any other comic that feels so joyous, and it just makes me so happy whenever I read it. The humor is so great - both in Ryan North's text and in Erica Henderson's fabulous artwork - and even the letters columns are fun to read. And there are so many joys for a reader in this volume. Squirrel Girl and Nancy get to hang out with Thor! And Loki! And we finally get to see Nancy's fanfic about Cat Thor! And and and....I really, really need Volume 3 as soon as possible, please. Please???

I used to think that comics were generally terrible and wasn't particularly interested in them. I have a

lot of first volumes, not too many second volumes. But this comic. Squirrel Girl is just insanely good. Every. Single. One. The fake social media things are amazing too. I posted like three shots of jokes from this comic on my facebook page, then stopped because it was going to get to the point that I'd get sued for putting up the entire comic and just writing "

I, a 45-year old man, husband, father of three, and long time comicbook reader, enjoy this book immensely, and the best part is I can then hand it straight to my Squirrel Girl-loving 6-year old without worrying about the images she'll see or words she'll read. It's a true all-ages book that offers something different but no less excellent to each age group.
