My book arrived in perfect condition. It was descibed accurately. I am so thrilled that it was available. I am a college student and every little bit I can save I am truly thankful for it. This book had no major markings and was in the best shape, looks brand new.

i had a little hesitation because the book comes with codes i need to do school work online and if they were already used i wouldn't be able to use them. I would've wasted money. But just as they said book was NEW and the codes worked!! I also saved $40 dollars buying it from here! I would recommend to anyone!!!!!!!
