The Law Of One, Book 2

Synopsis

In Book Two of The Law of One, the nature of each of the densities or dimensions of this octave of creation is explored in detail with special emphasis given to how evolution for our third density to the fourth density is accomplished. The relationship between the densities of creation and the energy centers of the body is investigated so that each experience can be used as catalyst for growth to balance and crystallize the energy centers of chakras of the student of evolution. Wanderers, sexual energy transfers, the physics of Dewey B. Larson, Polarization in consciousness, ritual magic, and the nature and function of the Higher Self are all explored as they are related to the Law of One. Book Two contains Sessions #27 through #50.

Paperback: 136 pages

Publisher: Whitford Press (September 1982)

Language: English

ISBN-10: 0924608099

ISBN-13: 978-0924608094

Product Dimensions: 6.3 x 0.4 x 8.5 inches

Shipping Weight: 10.4 ounces (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (44 customer reviews)

Best Sellers Rank: #23,340 in Books (See Top 100 in Books) #19 in [Books > Religion & Spirituality > New Age & Spirituality > Astrology](#) #185 in [Books > Religion & Spirituality > Occult & Paranormal](#) #795 in [Books > Self-Help > Personal Transformation](#)

Customer Reviews

This book continues where book 1 stopped. In book 1, the questioner (an ufologist with a broad knowledge base) tends to lean more to retrieving information regarding the history/setup of Creation and where earth's/e.t. beings tie in. But instead of 'Ra' stating his knowledge, its intention is to be 'an humble messenger of the law of one'. Here the 'Free will' is of most importance, infringing on this wouldn't be according to the LoO. 'Ra' sometimes addresses the relative unimportance of details regarding beings in our 'current reality', hoping that we are interested in (thus querying) details on the laws of Creation (and its ways). Then in the 1st session of book 2 the Questioner actually states: "This session I thought we could start Book Two of THE LAW OF ONE, which will focus on what we consider to be the only important aspect of our being.. 'Don't get me wrong.. Since the questioner is an ufologist he doesn't stop trying to comprehend the implications.. These books really

excel in their format!The question is asked, then 'Ra' provides an answer. Then if the answer is too 'cryptic/difficult to comprehend' for him the questioner just acknowledges this and reformats the question. Perfect!But this isn't a book for newbe's, This serie of books(1 to 5) go all the way!As my English colleague(im Dutch) when he read the first book stated; "I've not started the other books yet, I planned to read the first one again, just to let things sink in. I'll read a part, then dumbfound at the implications of what I've just just read, I'll look up and stare out the window for a minute....

Law of One Update 8-22-16I said I would come back and rewrite my review if I felt I had been duped by the Ra Collective. I am rewriting my review. It took me a while to connect the dots, but I did find massive errors in their teaching. Either the Ra Collective is the dark side in disguise, or they are not as intelligent as they would have us believe.Read these books with caution and connect your own dots!Years ago, when I first found this material, I dismissed it because the Ra Collective said we had free will. I wouldn't read it back then because I don't believe we have free will "at all! We are individuals who have forced, controlled, limited, restricted choice. Free choice is an illusion. You don't even get to choose. The forward motion of time forces you to choose. And what happens, or does not happen, with your next time-induced, restricted choice forces your next choice. If you lack the ability, knowledge, technology, or if you don't have to power to control time and instantly manifest, then you are controlled by some other process, law, being, or system. There is no free will, just control.I was, and still am, under attack by the evil aliens, evil world governments, and our sadistic militaries. The Ra Collective talked about the Orion/Reptilian group and their evil agenda, so I came back to see if the rest of their information had any truth to it. Except for their version of free will, I tried my best to keep an open mind toward the rest of the information. Actually, I gobbled it up. I read all five books multiple times. I thought I had found more answers to how and why things work the way they do. I was wrong.
