"Alliance and Empire" is the seventh expansion set for the Star Wars Miniatures game, which started with the Rebel Storm Starter set back in September, 2004 (see more about the minis game itself in my addendum below). This set was released to coincide with the 30th anniversary of Star Wars. As such, these figures have a special square bases with "Star Wars" written on the front. HOWEVER, THIS SET IS STILL FULLY COMPATIBLE WITH THE OTHER STAR WARS MINIS SETS. There are 60 different figures in this set. Each booster comes with seven durable, pre-painted minis (including one rare OR one very rare figure).The first thing I look for in any expansion set are how many characters I recognize from the movies (vs. those that appeared only in the books). I am particularly interested in figures from the original trilogy, and I am happy to say that there are at least 40 figures from the original trilogy in this set. Most are interesting and/or more powerful variations of earlier figures (for example, Boba Fett, Lando Calrissian, Jabba, Wampa, R2-D2 with C-3PO, Obi-Wan Kenobi, Princess Leia, Chewbacca, Darth Vader, Imperial Governor

Tarkin, three different versions of Han Solo, and three different versions of Luke Skywalker). But, some of the figures have never been released before (for example, Wicket the Ewok, Ewok Hang Glider, and Jawa on Ronto). Notably, there are even a few great new common and uncommon figures from the original trilogy in this set (for example, Death Star Trooper, Death Star Gunner, Rebel Commando Strike Leader, Talz Spy, and a variation of the Ewok with a bow -- rather than just melee attack).
