Customer Reviews

My daughter loves these. It is so easy to do. You just design, color, pop it in the oven for a few minutes and it's a necklace, a bracelet, etc. The only thing that didn't work was making a ring. Each one broke. But it's a great gift for any girl age 6-16. My daughter and her friends spend hours creating necklaces. I ordered 100 rope necklaces in all different colors on Ebay for \$10 and now we have plenty of cords for the necklaces. I highly recommend this product!

These are AWESOME!!!! I am 28 and haven't had this much fun in years. I would recommend this product to anyone. My 6 yr. old daughter and I spent 3 hours doing these when I first got them and will spend many more doing them as well! The projects are endless and it's so much fun to watch them shrink in the oven. A+

There are eight 7 1/2 X 9 sheets in this pack. There are other plastic sheets that are larger in size and more in number. Shop around and get a better deal. Read the descriptions, though, esp. if you want the sanded sheets, because many of the others are shiny on both sides and will need to be sanded if that is important to you.

This book contains additional shrink art material to be used with the book "Shrink Art Jewelry" also from Klutz. This is not a "stand-alone" book.

Condition and content not worth the price for it. You can get cheaper elsewhere. Disappointed I thought it would have more projects and thicker book.
