## Customer Reviews

My daughter is a tough critic. She reads a lot of books and is not always easy on them. She not only enjoyed this book, but found it useful in thinking about who she was and where she was going. I recommend that parents and grandparents gift this book to the daughters and grand daughters.

This book is very cool. Most of the things are really cool to learn and do, Its def. worth reading

My 7 yo daughter loves this journal.

I purchased for my grand daughter and she loves it, it came real fast, in 2 days. She seems to really enjoy. Purchase for her birthday.

My eleven year old is really learning a lot about herself from this book. If you have a girl who tends to be introspective, this is a great find. It is best for pre-teen (or tween) girls.
